

DECLARATION OF CONFIRMITY

Producer : Metaline OÜ
Register code: 10462380
Legal address: Marja 7, Tallinn 10617, ESTONIA
Production: Marja 7, Tallinn 10617, ESTONIA

Products:

Rectangular roof transitions

Product description:

Rectangular roof transitions are used in ventilation systems of buildings. As a standard, the outer shell of the roof transitions are made of zink-magnesium coated and the inner shells of hot-dip galvanized sheet steel. Other materials are available on special orders. Polyester or rock wool is used as insulation material.

Conformity of product:

- EVS-EN 1505: 2001 Ventilation for buildings - Sheet metal air ducts and fittings with rectangular cross section - Dimensions
- EVS-EN 10346:2015 Continuously hot-dip coated steel flat products - Technical delivery conditions
- EVS-EN 10088-2:2014 Stainless steels - Part 2: Technical delivery conditions for sheet/plate and strip of corrosion resisting steels for general and construction purposes
- The products meet the requirements provided in Regulation No. 49 (26.07.2013)
- The products are also suitable for use in the environmental conditions C1-C4 provided in standard ISO 9223:2012.

With the present declaration, we confirm and take responsibility that the products made by us meet the requirements established for them.

The declaration of conformity has been issued on: 05.01.2022
